## Profiles

Portfolio: [PriyanshuDhoke](#)

Github: [PriyanshuDhoke](#)

LinkedIn: [priyanshu-dhoke](#)

## Coursework

Data Base Management System  
Object Oriented Programming  
Operating System

## Strengths

Communication  
Team Management  
Leadership  
Creative Thinking  
Adaptability

## Experience

DEC-2022

**Srivalli Cafe, REMOTE**

**Data Analyst Intern**

Analyzed data from POS machines and online food delivery apps as an intern, extracting meaningful insights through analytical skills and data analysis expertise.

**Duration :** 2 Months

## Projects

2023-NOW

**Monsieur-Restaurant**

**React, Javascript, CSS, HTML**

Demonstrated expertise in frontend development and design by independently crafting a visually captivating and user-friendly interface for a restaurant website using the React framework.

Github: [Github Repo](#)

2023-NOW

**Starbucks Clone**

**React JS, Javascript, Tailwind CSS**

A Starbucks clone is a web application that mimics the look and feel of the popular coffee chain's online platform. Implemented the frontend components, including the landing page, menu items, and user interface elements, to closely mimic the design and functionality of the original Starbucks website.
